### DETAILED ACTION

This action is responsive to remark/consideration filed 09-21-2005, which has been entered. Claims 1-6 are allowed.

#### ***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance: the prior art fails to anticipate or render obvious the combination of an automatic V-belt transmission and including a drive pulley as set forth in claim 1 and in particular, include the drive pulley comprising a fix and movable sheave such that one of the sheaves includes a conical pressure surface that is formed to have an inclined angle being constant from a radially inner part of the conical pressure surface to a radially outer part of the conical pressure surface, and the other sheave has a conical pressure surface comprising an angular turning boundary that the inclined angle varies thereon, in which the inclined angle of a radially inner part inside the angular turning boundary of the conical pressure surface is smaller than the inclined angle of a radially outer part outside the angular turning boundary of the conical pressure surface, and in which an angular difference between the radially inner part of the conical pressure surface and a side edge surface of the V-belt is greater than an angular difference between the radially outer part of the conical pressure surface and the side edge surface of the V-belt.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marcus Charles whose telephone number is (571) 272-7101. The examiner can normally be reached on Monday-Thursday 7:30 am to 6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Marmor can be reached on (571) 272-7095. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
